

GoRural's Registered Dietitian, Diabetes Education and Medical Nutrition Therapy Services

1

Onsite Initial Meeting

We come to you! Face-to-face kickoff at your facility to understand your needs, meet providers and staff, and implement the onboarding process.

2

Consistent Rural Montana Dietitian

A dedicated Montana-licensed dietitian assigned to your facility - same face every time.

3

Telehealth Visits

Medical Nutrition Therapy & Diabetes Education delivered through your facility's telehealth setup. Seamless for patients. Outpatient services initially, expanding to inpatient services as needs arise.

Your Montana-Based Nutrition Partner

4

Full Documentation

Complete documentation in facility EMR. Dietitian will appear as your employee. All referrals and communication will flow through facility EMR per current process at the facility.

5

Facility Bills Encounter, Flat fee to GoRural

Facility bills the encounter + facility fee allowing the revenue to remain at your facility. GoRural charges a flat rate for a 4 or 8 hour block. This allows the facility to have a profit margin for this service.

6

Better Patient Outcomes

Improved rural health outcomes with consistent, expert nutrition care close to home.
